

# Partnering to deliver better document management and workflow solutions

“From the beginning Infonic has been adamant that their customers’ requirements come first”

**Document Manager is a powerful document management and workflow solution which was developed in the UK and serves some of the world’s most demanding organizations.**

Document Manager systems automate a range of business processes such as invoice processing, contract management, bills of lading, employee records, proof of delivery tracking to name a few.

For System Integrators, Value Added Resellers, Developers or Independent Software Vendors looking to resell one of the most advanced, cost-effective and robust document management solutions, Infonic’s Document Manager suite of products offer a unique sales, marketing, training and support package.

### Great products, happy customers

The portfolio of Document Manager can:

- Integrate with the different software systems in use to ensure a quick adoption with minimal change and disruption to existing business processes
- Centrally manage document storage, security and user permissions
- Link documents and folders with existing systems
- Provide secure access to folders and documents from existing systems and web browsers
- Manage the workflow of documents between staff, departments and other companies
- Integrate with the different software systems in use to ensure a quick adoption, minimal change and disruption to existing business processes

“We were impressed by the software’s open architecture and functionality, but most of all by this company’s approach to the Industry. From the beginning Infonic has been adamant that their customers’ requirements come first.” Document Manager Magazine.

## Benefits of the Document Manager Partner Program

- Strong working partnerships ensure the optimal product is delivered to customers
- High levels support ensure a rapid ROI
- Flexible multi-level partner accreditation
- Access to our Partner Network including our Technology Partners

“If organizations give their staff the right tools to do the job, they do a better job and give their company measurable customer service improvements. Document Manager is such a tool and at a remarkably cost effective price.” Document Manager Magazine.
